

§ 74.33 Federally-owned and exempt property.

(a) *Federally-owned property.* (1) Title to federally-owned property remains vested in the Federal Government. Recipients shall submit annually an inventory listing of federally-owned property in their custody to the Secretary. Upon completion of the award or when the property is no longer needed, the recipient shall report the property to the Secretary for further ED utilization.

(2) If ED has no further need for the property, it shall be declared excess and reported to the General Services Administration, unless the Secretary has statutory authority to dispose of the property by alternative methods (e.g., the authority provided by the Federal Technology Transfer Act (15 U.S.C. 3710 (I)) to donate research equipment to educational and non-profit organizations in accordance with E.O. 12821—Improving Mathematics and Science Education in Support of the National Education Goals. Appropriate instructions shall be issued to the recipient by the Secretary.

(b) *Exempt property.* When statutory authority exists, the Secretary may vest title to property acquired with Federal funds in the recipient without further obligation to the Federal Government and under conditions the Secretary considers appropriate. This property is “exempt property.” Should the Secretary not establish conditions, title to exempt property upon acquisition vests in the recipient without further obligation to the Federal Government.

If the equipment is owned by the Federal Government, use on other activities not sponsored by the Federal Government shall be permissible if authorized by the Federal awarding agency. User charges shall be treated as program income.

(e) When acquiring replacement equipment, the recipient may use the equipment to be replaced as trade-in or sell the equipment and use the proceeds to offset the costs of the replacement equipment subject to the approval of the Secretary.
